Mr. Casey Searc,

8/23/19

I just recently became a client
of yours. The day we met in court
you gave me some literature about Federal
Law. The reason I'm writing you is to ask
IF you could send me anything or all
reading material that would help me
understand the law better and help you
with my case. Trying to get info from
Jail is like pulling teeth and you said
don't discuss my case with no one but
you. Anything you could send me would
greatly be appreciated. Thank you and God Ble
